

A photograph of two women sitting outdoors, smiling and enjoying a drink. The woman on the right is pouring a reddish-orange beverage from a glass pitcher into a glass held by the woman on the left. The background is a blurred natural setting with bamboo or reeds. The overall tone is warm and inviting.

## / About Civ:

For more than 50 years in the national market, Civ has brought to O-I portfolio the flexibility to meet all consumers in a democratic and accessible concept.

The brand provides ideal products for those who understand that complete does not mean complicated, and that we can find solutions for all occasions without forgetting what is essential in life, and also suggest a challenge: change, recycle, rescue and rethink habits.

### **Brand Changes:**

In 2013 the brand underwent significant repositioning, bringing a portfolio that offers practical and uncomplicated solutions for those who want to simplify life and enjoy every moment in the most natural way. The brand also got a new visual identity, which gave to the packaging a more modern tone, expressing the new positioning clearly and promoting greater identification with the target.

Along with these changes we also have important improvements in some other pillars responsible for building the brand platform, such as manifest, voice tone, new slogan, image database and more active participation in social networks. In 2015 we conducted some adjustments in our packaging in order to create greater differentiation between the brands at the point of sale, and to impact the consumer more effectively. The result you can see in our gloves pictures, throughout our catalog.

Civ, it is simple to turn your day.

**Social Networks:**

A warm, golden-hour photograph of a picnic setup on a checkered blanket. In the center, a white ceramic coffee cup with a brown pattern sits on a matching saucer. To the right, a green and white polka-dot container holds several colorful pens. In the foreground, two glass jars of jam are visible, one partially filled with a golden liquid. The background is a soft-focus field of grass.
